BIHAR PRADESH CONGRESS SEVA DAL SADAKAT ASHRAM PATNA-10

EVMs in India are a "black box," and nobody is allowed to scrutinize them. Serious concerns are being raised about transparency in our electoral process. Democracy ends up becoming a sham and prone to fraud when institutions lack accountability.

BJP declared building a Ram temple there as its political objective

Built by Mirbahi four hundred and fifty years ago, the Babri Masjid in Ayodhya continues to be a place of worship for Muslims. In December 1949, Hindu organizations tried to claim that Lord Rama was born in the corridors of the Babri Masjid. In turn Babri Masjid has become a controversial subject. Starting with court cases, the Bharatiya Janata Party declared building a Ram temple there as its political objective. For that, they gathered thousands of people under the guise of service and demolished the Babri Masjid. In this regard, the judgment given in the Supreme Court said that the demolition of the Babri Masjid is a criminal offence. But at the same time, the Supreme Court gave permission to build a Ram Temple on the site where the Babri Masjid was demolished. This verdict came as a shock to those who have faith in the court and the minority community. But the

minority people who wanted peace remained silent without any protest against the verdict. This showed their tolerance. Following this, a Ram temple was recently built there during the Narendra Modi regime, and Kodamuzku was held there. In this case, the National Institute of Educational Research and Training has completely removed references to Babri Masjid from the curriculum for students. This is a blatant cover up of historical traces. The National Democratic Alliance government thinks that Babri Masjid can be removed from history by removing it like this. Through this, it has been confirmed that there is no change in the attitude of the BJP government and the NDA government against the minorities. On behalf of the Tamil Nadu Congress, I strongly condemn the Narendra Modi government's attempts to delete the Babri Masjid from history. **Chairman Mr. K Selvaperunthagai**

Released in NEET question paper, a big scam...

Although the accused of Fadil in the question paper has admitted all these things, Modi government ministers are not ready to accept that the question paper has been dismantled. 24 lakh students of the country have been wronged, their dreams have been pushed away, for which only Modi government is responsible. But it is a matter of regret that fleeing responsibilities is the old habit of Prime Minister Modi and his ministers. We demand that students get justice at any cost by investigating this issue under the supervision of the Supreme Court.

30 to 32 lakhs rupees question paper broke

Spoke to media representatives in Mysore today. Five guarantees will continue in the state, no doubts about it. There is no question of stopping these programs as they are a program to empower the poor. This time we got 9 seats from one position in Loksabha. The result didn't come as much as we expected. From one to 9 positions, 13% more votes are in our favor than last time. Not stabbing our backs like that. Our result is better than last time but not as expected. Former Chief Minister B. S. Who has complained in the Foxo case registered against Yeddyurappa? Isn't it true that a private person complained, not the government? Where is hate politics when it is like this? Will not interfere with the work of police who work lawfully. Everyone needs to accept the court order and act accordingly.

Central Excise duty on petrol was Rs 9.48 per litre and Rs 3.56 on diesel before BJP came to power

The Government of Karnataka has increased VAT on petrol to 29.84% and on diesel to 18.44%. Even after this hike, our state's taxes on fuel remain lower than most South Indian states and similar economy-sized states like Maharashtra. In Maharashtra, the VAT on petrol is 25% plus Rs 5.12 additional tax, and on diesel, it is 21%. Karnataka's revised rates are still more affordable. Despite the VAT hike, diesel prices in Karnataka are still lower than in Gujarat and Madhya Pradesh. We remain committed to keeping fuel prices reasonable for our citizens. The then Double Engine BJP government collab-

orated to divert Karnataka's resources to other states. The state BJP gov't kept reducing VAT on petrol and diesel while the Central gov't increased its own taxes. This manipulation led to reduced revenue for Karnataka, while the Central government collected more for its cof-

fers, cheating Kannadigas. Central Excise duty on petrol was Rs 9.48 per litre and Rs 3.56 on diesel before BJP came to power in 2014. However during the tenure of BJP Government, the Central Excise Duty on Petrol and Diesel was steeply

increased reaching to a record high of Rs 32.98 and Rs 31.83, respectively, in May 2020. Subsequently, the Excise duty on petrol and diesel was cut by Rs 13 a litre and Rs 16, respectively, between November 2021 and May 2022. Despite the reductions, the current central excise duty on petrol is Rs 19.9 and on diesel is Rs 15.8. We urge the Union Government to reduce these taxes for the benefit of the people. Karnataka's VAT adjustment ensures we can fund essential public services and development projects. The state remains committed to balanced and responsible governance.

Traders play an important role in the growth and progress of the country. Those who stand for the country despite any crisis. Gatherings and gatherings of traders have always given a message of unity. The opening ceremony of the distribution of the fifth phase of the 'Sneha Sparsham' Merchant Family Security Scheme implemented by the Kollam District Committee of the Traders Industry Coordinating Samiti yesterday was a good experience. The decision of the traders to join together those who were exhausted and living in crisis is an example for the society. What is needed now is for the general public and the rulers to hold the business community together.

Today attended the honour ceremony of the meritorious students who have achieved special expertise in Class 10 and 12 exams in 2024 organized by Maharashtra Pradesh Congress Committee at Bangalore DJ Lawn, Sakoli. This time with MP Dr. Mr. Prashant Padole, Bhandara Zilla Parishad President Mr. Gangadharji Tongue, Chairman Mr. Madanji Ramteke, Chairman P. S. Mr. Ganeshji Ade, Mr. Ashokji Kapagate, Mr. Dilip Masulkar, Mrs. Chhayatai Patle, Mrs. Savitai Brahmkankar, Mrs. Pushpatai Kapagate, Mrs. Anjiratai Chute, also Ma. Education officers and a large number of students attended..

Kumaraswamy is now "U-turn Swamy"!The previous Modi government had lured Nana lures to the private sector to attract capital investment only to Gujarat, Uttar Pradesh, @hd_kumaraswamy questioned the other states of the country and made huge advantages for investments in Gujarat.Perhaps Kumaraswamy might have started anxiety about their chair!Should wait and see what action will Central Minister Kumaraswamy take to attract capital investment to Karnataka and pay off the debt of Kannadigas.

1) The renowned Supreme Court has given a clear order in the Spectrum Allotment case that the governments should not give any land or property to anyone without auction yet why did the GIDC order for auction without applications?(2) And why is there a conspiracy still going on in Gujarat to allocate land at sitting rate?(1) The entire chapter should be investigated by the sitting judge of the named High Court or Supreme Court.(1) ED should be sent to GIDC and a case regarding money laundering should be filed. GIDC's property investigation of the board of directors jointly by ED, IncomeTax and CBI and the people of Gujarat are aware of facts keeping this investigation transparent.
