**What was the urgency...  
Rahul Gandhi questions  
sudden Delhi Police action  
45 days after his remarks**

# A Sudden Arousal Of Delhi Police...

PATNA: CONGRESS DARPAN

A sudden arousal of Delhi police is creating the sense of peculiarity in the Indian national congress party. After 45 days of ending "Bharat Jodo Yatra" Delhi police sent long notices twice to the Indian national congress and asked many questions related to the yatra. In the lecture at Cambridge, Mr. Rahul Gandhi talked about the three key problems i.e. unemployment, price rise and violence against women.

In the yatra, lakhs of people joined and shared their problems with Mr. Gandhi. They spoke about their different lives and problems. Women also joined the yatra and met Mr. Gandhi and revealed their basic problems. Women told him about the violence and exploitations they bear everyday. They have been through a lot like domestic violence, molestation, discrimination, rape etc. All genres of pain the women bear upon their bodies and there is nobody they

can share with. When a leader starts a yatra, a journey then its not only moving around the country only. The idea of yatra is to inspect the society, the country, the conditions, the problems etc. So when Mr. Gandhi started the yatra people got joining including women. Women put their trust in Mr.

Gandhi and shared their problems. They told him about almost all the severe problems they are going through. They shared their fear and helplessness to the leader. And in the lecture, Mr. Gandhi discovered the real issues those he came in touch with during yatra.

Now the Modi government is

shouting in the name of democracy that Mr. Rahul Gandhi has destroyed the glory of India in the foreign land. In London, Mr. Gandhi also talked about Adani's fraud. He is asking again and again that what is the relation between Adani and Modi. And in order to run away from the topic and to save Adani Modi relationship the dirty game of notice is being played by BJP. The Delhi police is asking the name, address, exact problems of the women whom Mr. Gandhi met with.

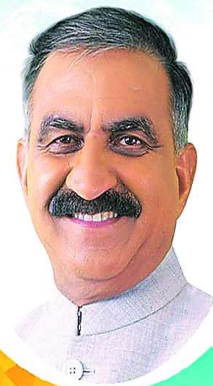

The trial of saving the Modi Adani relationship the BJP is doing all the cheap activities that do not suit a ruling party. It doesn't let the opposition speak in the parliament. It mutes the mic in the parliament. Further, the parliament also got muted and moreover, the session has been adjourned. Looking at all these activities, the public is getting the truth clearly that in order to protect itself from the allegations the government is doing all. **Katyayani Kadam**

## खुशियों की बहार हिमाचल सरकार

₹1,500  
हर महीने  
महिलाओं को

₹4 हजार  
हर महीने  
निराश्रितों को

30,000  
सरकारी नौकरी

20 हजार  
छात्रों को  
ई-स्कूटी के  
लिए ₹25  
हजार

10 हजार  
छात्रों को  
टैबलेट

40 हजार  
नए लोगों को  
पेंशन

**Modi government is asking such questions to divert from the issue and save Adani. They want to change the course of the issue by sending the police. No matter how much the Modi government tries to save Adani, we will keep questioning them and keep fighting. We are not afraid. Congress President Shri Mallikarjun Kharge ji**

# Biggest Fake News Factory

**PATNA: CONGRESS DARPAN**

Supriya Shrinete attacked on Amit Malviya and shut his mouth up. She said—

"This man runs the biggest fake news factory on the planet. He weaponises misinformation" No if no but. To his face.

Had the pleasure to say this to BJP's fake news peddler at

the #IndiaTodayConclave .

The reason why I want to talk about fake news & the weaponization of misinformation is because BJP leaders & its troll army spread fake news & misleading information.

What is the desire to continuously lie & spread fake news with such urgency?

**Katyayani Kadam**

## Dhanvantari Generic Medical Scheme

In Chhattisgarh, the Indian national congress government has launched many schemes keeping the state welfare in the mind. It is working in almost all domains and public are getting facilities without any issue.

In the state, the government has started the "Dhanvantari Generic Medical Scheme". Under this scheme, the public can buy medicines at cheap rate. Using this scheme facility, the patients got the profit of more than 100 crores. More than fifty lakh people have purchased the medicines through the scheme. These generic medicines are available at less rate from 50% to 70%. The congress government is showing the country that how development looks like.
