BIHAR PRADESH CONGRESS SEVA DAL SADAKAT ASHRAM PATNA-10

Continuing our review of preparations for the upcoming assembly elections, INC President Sh. Mallikarjun Kharge ji and LOP Sh. Rahul Gandhi ji met senior leaders of J&K Congress at AICC HQ.

Attended a meeting of elected MPs from the state organized in Delhi, and spoke

All state MPs need to try in one voice from Okkorali for the development of the state's land, water, culture, resources. A friendly meeting was organized today for this. Let all of you cooperate for the welfare of Karnataka and Kannadigas. Center's permission is required for Mekedaatu project. Efforts should be continued regarding Bhadra scheme too. It has been a year since the grant was announced in the central budget. I appeal to the Union Finance Minister Nirmala Sitharaman to pay the money. Requested to give AIIMS to Raichur of Kalyana Karnataka. This needs to be fulfilled. Welfare Karnataka is backward in Human Development Index.

Development is possible if AIIMS comes. 18,172 crore rupees We asked for drought relief. Not fully, this needs all your efforts. The proposal submitted in the Udaan project for the development of coastal districts of the state is pending in the Department of Civil Aviation. You should try to fulfill this. We have proposed to consider Bangalore International Airport as Air cargo complex. This will increase the economic activity of exports. We have sub-

mitted a proposal to need another IIT for Mysore or Hassan. This needs to be fulfilled. We have requested to reject Kasturi Rangan report completely. This should be accepted immediately and provide peace to the people of western level. State Railways is backward in contact. So provide more grants to the state on priority and increase railway connectivity, says Railway state department minister V. I request Somanna. Grama road scheme is backward in the state compared

to other states. This needs to be fixed. There is a strong argument in front of the 16th Commission to correct the injustice done to us in the 15th Finance Commission. Environmental consent required for Kalasa Banduri project. Couldn't start working because it's due. If 1971 census were considered, we, our state would not have been injustice. I request that the central government should provide the amount announced to the state in the 15th Finance Commission and in

the budget. Input subsidy needs to be dedicated. I appeal for the approval of all these demands, planning, proposals. We are conducting this friendly meeting for this request. State's development is our only aim. This doesn't require political, criticism, emotional allegations. My request is to try harmoniously for the development of the state. I request you all to forget partisan and raise your voice about this inside and outside the parliament.

Let's see what new schedule they are implementing this year and how many programs they have implemented last year and so. We are expecting at least a good speech this year that shouldn't be a 'government' speech, should be the president' speech.

: Congress president and opposition party leader Mr. Mallikarjun Kharge in Rajya Sabha

The government is celebrating the 515th birthday of the statelord Kempegowda

The government is celebrating the 515th birthday of the statelord Kempegowda. Bangalore producer Kempegowda is the people of Lords. The highest temples and lakes were constructed during their time. They tried to build Chikpet, Doddapet, Nagartapet, Tigalarapet, Bangalapet on professionals and make the city a business center. I am proudly reminded that the government decided to celebrate Kempegowda Jayanti for the first time, Kempegowda authority was formed during the occasion of becoming Chief Minister. Kempegowda's visionary administration is an inspiration to us all.

Inaugurated at Kantheerava Indoor Stadium Kempegowda Jayanti program

Kempegowda is not limited to any caste. All the people of society should live and remember them as they lived secularly. It should not be limited to celebrating Kempegowda's Jayanti in the state. Everyone should make a sincere effort to become social and world human just like Kempegowda worked as a socialist. This is the real wish of his birth anniversary celebrations. Kempegowda should be an inspiration to all of us. He gave model administration as the king of this state. Even though he was born in the farmers community, he did not divide caste and religion during his administration. Tried to develop all ethnicities and castes. Looking at the development he made during his administration, it will be known that he was a secular person. Baba Saheb Ambedkar had said that those who forget history cannot create history. Try to live as humans by under-

standing history and correcting mistakes. Even if there are different castes and religions in society, we should live as a human. Kempegowda did not discriminate caste during his administration. If Bangalore has grown to this level, Kempegowda is the reason for it. He tried to fill everyone with economic social

power, understanding what kind of economic, social growth should be with vision. Many NEs were built despite there were no major rivers in Bangalore. Lakes, temples, petes were built in the city to grow economically in Bangalore. It is everyone's duty to remember such person. We remember and seek inspiration

and inspiration from those who have worked as socially despite many have become kings and kingdoms. Kempegowda is important among them. Kempegowda Development Authority was established on Swamiji's suggestion that all parts of Kempegowda lived should develop.

Coimbatore South District Minority Department and Kurichi Circle Congress Committee held a massive protest against the central government against the extension. This protest was led by Tamil Nadu Congress Committee Minority Department President Mr. H. Mohammad Arif, North District President VMC Manohar, South District President NK. Bhagwati, Coimbatore South District Minority Department Head M. Muhammad Haroon, Kurichi Circle Congress Committee President A. Muhammad Ismail, State Secretary Basheer, State In-Charge Harris, State Secretary Azhar were also present.

The incomparable leader of the oppressed people and the former president of the Tamil Nadu Congress Committee, Mr. L. Ilayaperumal's centenary birthday celebrations Tamil Nadu Congress Committee President Mr. Ku. Selvaperunthagai, MLA, was held at Kamarajar Arena, Chennai. In this ceremony, the centenary flower which has the life history of Ayya Ilayaperumal was organized by SC Department Head Mr. Ranjankumar, Tamil Nadu Congress President Mr. Ku. Selvaperunthagai, MLA, was received by former Union Finance Minister Mr. P. Chidambaram MP to release the centenary flower.

"Smriti Irani lost the election of Amethi on the day she did 'tu tadak' with Sonia Gandhi. Whatever our difference is, there is a difference of age, there is a difference of experience. Sonia Gandhi is a mother, she is a grandmother, she is the leader of India's oldest political party...aur unse 'tu tadak...tum maafi mango...'The innate wisdom the people have... the country gave a mandate against polarisation and hate. It's an anti-Modi mandate,"Supriya Shrinate , Chairman Social Media dept, AIGC.

Today, thousands of Indian Youth Congress comrades protested against NEET exam paper leak and related irregularities. But the dictatorial Modi government, which destroyed the future of millions of youth in the country, could not tolerate this. Youth Congress comrades were beaten and brutalized at the behest of the Modi government to suppress our voice. These police batons cannot break our minds. Let us continue to fight for justice, the dictatorial government must bow before the truth.
