Congress' Central Election Committee holds a crucial meeting to devise a strategy for the Karnataka assembly elections at AICC HQ in New Delhi.

Beware! The Parliament Is Mute...

PATNA: CONGRESS DARPAN

Indian national congress leader Mr. Rahul Gandhi said to the press that he met the Lok Sabha speaker and told him to let him speak in the parliament. And the speaker Om Birla smiled. He shared his expectation to the media that the BJP would allow him to speak in the parliament premises. But the very next day when the congress leaders said to the speaker to let Mr. Rahul Gandhi speak then again the Honorable Speaker smiled and the parliament got muted.

The falling of democracy is clear on the surface. The BJP party that is famous for its lengthy promises

and explanations is trying to shut the mouth up of everyone who questions against it. In the country now the condition is really worst. The government has snatched the power of speech from the public. The coercive activities are being done overtly everywhere. Day by day the situations are getting critical. The Modi government is insulting the constitution and going beyond the limit.

The cunning smile of Mr. Birla told the country that none can do anything against the ruling party. The joyous dance of the government is threat to the nation. Muting the parliament is not a futile issue rather a serious problem. There are

many questions coming into the mind like

- Why doesn't the government let Mr. Gandhi to speak on the floor of the parliament?
- Why does the government stop the protesters forcefully and detain them?
- Why does the ED reach to the persons' houses who question against the government?

The Indian national congress is trying its level best to convince the public that they are being looted and befooled. The party is consistent and would not back off at any cost. The games that the government is playing will end very soon.

The Conflicts Are Being Created By The Government

PATNA: CONGRESS DARPAN

The Indian national congress leader, Randeep Singh Surjewala condemned the Maharashtra government and Karnataka government too on the issue of Maharashtra government's decision. Maharashtra's chief minister Eknath Shinde has decided to implement a health scheme in Karnataka villages bordering Maharashtra.

Mr. Surjewala said to the media that Maharashtra government extending its schemes into territory of Karnataka is disrespect to territorial jurisdiction of the southern state. He said that it is instigated by Amit Shah and

the prime minister is a mute spectator. He added that how one state can implement its scheme to another state if it is so then the anarchy and chaos will come definitely. Mr. Surjewala said that the Shinde BJP government should be dismissed under article 356 of Indian constitution.

The BJP government is deliberately creating the conflicts between the states by allowing such sort of action which is really unfit for the states and county. The Indian national congress asked for the resignation of Karnataka chief minister for his inability to protect the interest of kannadigas.

Telangana is reeling under huge debt, liquor scams, land scams, unemployment & exam paper leaks. The Congress party is a ray of hope for the people of Telangana, who are fed up with the BRS regime. The march led by CLP leader Shri Bhatti Vikramarka Mallu is evidence of this.

The Conflicts Are Being Created By The Government

PATNA: CONGRESS DARPAN

The Indian national congress government in Himachal Pradesh is fulfilling its election's promises and working really hard for the welfare of the state. In almost all domains, the government is working and making Himachal Pradesh a prosperous state. Keeping the orphans, women, abandoned, farmers, youth, transportation, education, in the mind, the government is implementing different kind of schemes everyday.

For the orphans, the congress government of the

'पुरानी पेंशन योजना' को मंजूरी

1.36 लाख कर्मचारियों को लाभ

state is the guardian. The orphans of the state will be called "children of the state" and for this scheme the provision of one hundred one crores will make the golden future of the children.

The abandoned will be given 4000 rupees every month. The women of the state will be given 1500 rupees every month. And the 10000 intelligent students will get tablets from the congress government.

The development in the state is oozing from every direction and the faith of the public in the congress government is worth watching.
