The president of Akhil Bhartiya Congress Sevadal Shri Lalji Desai lodged a protest. He said that the verdict that has come is showing the fear of dictatorship. This is an introduction of low mentality. A person who wants to raise the voice of countrymen on the floor of parliament, wants to put his views on Adani issue. But the session is adjourned by the Modi government without listening. And immediately a verdict comes from the two years old issue and keeping the law aside the Lok Sabha membership of Mr. Rahul Gandhi is disqualified. This is the first case in free India that a selected M.P. is being shut up in the parliament. The whole Congress Family is with Rahul Gandhi. And Rahul Gandhi you are a lion.

And Dictator you try your best to suppress, Mr. Gandhi was never scared of anyone and will never be scared anyone.

The voice of India cannot be suppressed at any cost, the conspiracy of disqualifying the Lok Sabha Membership will lie heavy: Dr. Sanjay Yadav

Satyamev Jayate...

The Lok Sabha membership of Rahul Gandhi has been disqualified by the Modi government with conspiracy because Mr. Rahul Gandhi was fighting to save the democracy of the country from road to parliament. The disgusting efforts of Modi in order to deviate the country from the frauds of Adani and to suppress the voice of India will lie heavy on him itself. The Ruling party won't be able to suppress Rahul Gandhi who is the bold voice of the countrymen. The government is making all its efforts to shut the voice up with the help of all the institutions and the phase magnetic media. Calling a thief just a thief

has given the punishment to Mr. Rahul Gandhi during Modi's Friend Period. Because Mr. Gandhi was raising voice against the shameless loot during this Friend Period. In the fear of getting discovered and to save its friends, the Modi government is mocking the democracy. The persons who are looting the money of the public roaming free in the foreign countries and the punishment is being given to Mr. Rahul Gandhi just because he is talking about the truth. But perhaps

this government has forgotten that to who it is trying to shut up is Rahul Gandhi and Gandhi is never scared of anyone. Forty five years back, the membership of Indira Gandhi was also disqualified with the help of conspiracy like Rahul Gandhiji but that time also the public had supported her and Mrs. Gandhi had returned with more strength. Modi government is repeating the same historical mistake. The public is seeing the injustice that is being done with Rahul Gandhi.

The BJP party will have to face the outcome of this injustice. The Modi government is getting nervous on the account of the support of public to the Rahul Gandhi and in nervousness spreading the anti democratic attitude by using dictatorship in the country. Mr. Rahul Gandhi has been given the punishment for speaking the truth but in every epoch the truth has become victorious. Satyamev Jayate.

of the country will be ruined by this dictatorship government.

On the question from the media side about the ministers who are saying that Mr. Gandhi did the shameful act

in the foreign land, the Indian national congress leader K C Venugopal said, "Brother this is not a new thing. Last nine years there is agenda that what are these ministers up to. These are not looking after

the departments and we show them that their primary duty is to look after their departments. But their primary duty is to attack Rahul Gandhi actually. They are not looking after the departments. Let them do what they want but the people of India know about this what type of revenge they are taking of Rahul Gandhi. What type of attitude they are creating to stop the voice of Rahul Gandhi that the people of India are now really seeing. We are believing the people of India and we still believe in law of the country. We are very much confident. We will fight it out brother okay. We are in the solidarity with our leaders, Rahul Gandhi under the leadership of Mallikarjun Khargeji."
