## Eastern Rajasthan Canal Project

PATNA: CONGRESS DARPAN

The Rajasthan Government sanctioned ₹14,200 crores for the Eastern Rajasthan Canal Project or ERCP. During the elections, prime minister Narendra Modi had promised to give the project a national status but after losing he ignored. It is a big project and the chief minister had said that it's not possible for the state to bear the estimated cost around 40000 crores. That's why the state government wanted it to be the national project. But the central didn't heed.

## The Great Dandi March

Let's remember the greatest historic movement "The Dandi March" which began on 12th March 1930. The 24 days yatra was also known as Salt March, Salt Satyagraha, Dandi March, and Dandi Satyagraha. Led by the father of the nation, Mahatma Gandhi in colonial India, it was an act of Nonviolent Civil Disobedience.

Mahatma Gandhi started the march on 12th of March 1930 along with his 78 trusted volunteers and it ended on 5th of March 1930. The yatra was started from Sabarmati to Dandi in order to break the Salt Law. On the way a huge crowd joined the yatra and the father of the nation broke the salt law of British Raj on 6th April 1930 at 8:30 a.m. The Salt Satyagraha campaign was based upon Gandhiji's principles of Non-violent protest called Satyagraha.
