

Longtime Rivals Will Share Platform At Opposition's Big Patna Meet

PATNA: CONGRESS DARPAN

The big opposition meet in Patna on June 23 will bring together several parties that have been at loggerheads for years. It will be attended by senior Congress leader Rahul Gandhi and party chief Mallikarjun Kharge. They are likely to find themselves face to face with some of the party's most vocal critics — Mamata Banerjee, Arvind Kejriwal and Akhilesh Yadav.

Ms Banerjee will also share the platform with leaders of the Left Front, her bitter political rivals for decades. Also present will be Tamil Nadu Chief Minister and DMK chief MK Stalin, his Jharkhand counterpart Hemant Soren, Shiv Sena UBT chief Uddhav Thackeray and Sharad Pawar, Janata Dal United National President Rajiv Ranjan told reporters in Patna today.

"We believe that our unity and commitment to the purpose of defending democracy is the need of the hour and we will succeed in defeating the divisive forces in power today," Congress's KC Venugopal said in Delhi.

Ahead of the June 23 meet, most of the leaders are expected to meet in Chennai at the birth centenary functions of M Karunanidhi.

For the big Patna meet, the agenda is expected to be a common strategy for the Lok Sabha election — what has been billed as the one-on-one contest. This involves fielding only one opposition leader against a BJP candidate in a constituency to stop a split in opposition votes.

Several leaders, including Bihar Chief Minister Nitish Kumar and Mamata Banerjee, have expressed their views in favour of it.

Most opposition leaders have said they are on the same page on the need to stop the BJP in next year's Lok Sabha

election — their voices strident after the disqualification of Rahul Gandhi from parliament.

The other catalyst to the unity was the Centre's move to supercede a Supreme Court order restoring the control of bureaucrats in Delhi to the elected government.

Hoping to stop the bill in question in Rajya Sabha in the coming monsoon session of parliament, Delhi Chief Minister Arvind Kejriwal and his Punjab counterpart Bhagwant Mann have made a tour of Bengal, Maharashtra and Tamil Nadu to seek support of the opposition parties. Today, they are in Uttar

Pradesh to meet Samajwadi Party chief Akhilesh Yadav.

Last month, 20 opposition parties had unitedly boycotted the opening ceremony of the new parliament house. Prime Minister Narendra Modi's opening of the building was an "insult" to President Droupadi Murmu, the parties had said.

Hindutva state Karnataka, has put its stamp on development which will now decide the direction of Congress in 2024

PATNA: CONGRESS DARPAN

The election in Karnataka was the first of five state elections scheduled this year and it proved to be a favourable one for the Congress party. Congress party won 135 seats in the state's Legislative Assembly, versus 66 for the BJP, making 75-year-old dynamic, already tested in his previous stint as CM, Congress politician Siddaramaiah as Karnataka's new Chief Minister.

The winning of Congress party was bound to happen as the former BJP government was not showing any progressive agenda towards the development of the state. The Narendra Modi image and the Hindutva ideology doesn't work every-time.

In the political history of Karnataka no incumbent Government since 1985 has been able to get majority in assembly election as the ruling Government will face the anti-incumbency against them. Considering the above facts BJP party has very less chance of getting majority.

The controversies which just came before elections Amul vs Nandini, Hindi vs Kannada, Hijab controversy only added fuel to the fire. The Congress milked these controversies to the hilt. Congress a party whose main belief has always been to fight against communalism, hatred and political centralisation always stood above these staged propagandas.

Rahul Gandhi's 150-day long Bharat Jodo campaign was surprisingly good at propaganda as it brought together

people from all arenas, all sects all walks of life together beating BJP in their own game. It will not be wrong to say that this tableau will set a new dimension for the whole country in 2024. The way in which Rahul Gandhi has worked to connect the hearts of every Indian with the Bharat Jodo Yatra, was the most eternal religious state of the year. Karnataka has shown the manner in which the worship method in this state is known for the worship of Indian rites and deities, the people there dislodged the hypocrite party from power because their agenda was religion. And this state has told that religion has its place, which you should not commercialize, power is used for the development of the country and the development of the state and not to capture power under the guise of religion, so we can say that 2024 that this tableau will work to give a new direction to the

Congress party.

Moreover, the additional good thing was Congress election manifesto for Karnataka (five guarantees) has promised voters free bus rides to women, Rs 2000 per month to women head of families, Rs 3000 unemployment allowance to graduates and Rs 1500 allowance to diploma holders. The Congress will also give 10kg of rice and 200 units of free power to every household every month. Congress never fails to be in par with their promises.

Karnataka has put its stamp on development and not on the one who does religion right, which will now decide the new path of Congress in 2024.
