**A meeting of opposition parties was held in the chamber of Congress President and Leader of Opposition in Rajya Sabha Shri Mallikarjun Kharge. The United Opposition is demanding a JPC to probe the Adani scam.**

## Modi Government Is Playing ED Games

**PATNA: CONGRESS DARPAN**

Such a big irony of this country India is that the opposition leader has to meet the speaker of the parliament to be permitted for speaking his opinions on the floor of the parliament. The four leaders from ruling party have put allegations on the Indian National Congress leader Mr. Rahul Gandhi by saying that he is insulting his country in the foreign land.

Mr. Gandhi said to the press that he is hoping that tomorrow he will be allowed to speak in the parliament. Right to speak on the floor of parliament is his democratic right and he shared his expectation that the ruling party will give him the same space to speak as it has given its own party leaders for putting allegations against him.

At the university of Cambridge,

Mr. Gandhi said that in India the democracy is slipping from its place and all the institutions that used to allow the people to share their opinions have been captured by the Modi government. The democracy will disappear suddenly from India and the countrymen would get shocked one day.

In order to wake the public up, Mr. Gandhi organized the great "Bharat Jodo Yatra" and tried to check the real problems of the country. He found there the bitter truth that the right to speak that is a fundamental right has been snatched from the public. Whoever raises his or her voice against real problems is being jailed or punished. Even in the parliament, the opposition is not allowed to speak. Many times their mics got switched off on the gesture of the Modi gov-

ernment. And any institution that tries to unveil the real dark face of the BJP is going to face the ED next break immediately. The protesters are being detained everyday. The Modi government is playing ED games with everyone. Now ED has become the puppet and the government is shaking the strings according to its opinions.

The Modi government, in the fear of revelation, does not allow anyone to speak. Everyday the opposition leaders are protesting and asking for the JPC against the Adani scam but the government is in the deep silence. Its fearness is screaming in every corner of the country that the ruling party is befooling the nation. And only creating conflicts among the public in the name of religion.

## Indian National Congress

We will only intensify our protest until a JPC investigation is launched into the Adani scam. Inside the Parliament premises, the Congress and like-minded opposition parties form a human chain to protest PM's Modi silence on the biggest financial fraud.

# A Close Relationship Between Modi and Adani

### PATNA: CONGRESS DARPAN

number of questions have been asked by the Indian national congress leader Mr. Rahul Gandhi from the government—

- What is the relationship between Modi and Adani?
- Why the defence contract is being given to Adani?
- Why did the dialogue take place in Sri Lanka and Bangladesh and between whom?
- Who is giving money to the fraud companies connected with Adani?
- What is the relation of that particular person with Adani?

All these questions are very

The Modi government is just creating drama to distract from the fundamental question: **what is the relationship between Modi and Adani?**

-Shri Rahul Gandhi

crucial and the answers are still unknown. The Modi government is unable to face the questions and in order to shut the opposition's mouth up it is deploying police forces wherever the protests take place. The leaders are being detained. But the opposition is not going to lose hope and will pass through all the hurdles in order to show the real face of the BJP.

The Indian national congress will not stop its questioning and march till the time the government launch the JPC against Adani scandal. How long anyone can hide from the public.

## HATH SE HATH JODO CAMPAIGN

### PATNA: CONGRESS DARPAN

The "Hath Se Hath Jodo" campaign in Telangana, in the leadership of PCC president Anumula Revanth Reddy is spreading the sense of change in the state. It is a door to door campaign where the congress leaders and the workers go to the every house holding the charge sheets in hand. They show the problems created by the Modi government to the public and make them aware of the false love.

This campaign has been started in order to spread the message of the great "Bharat Jodo Yatra" led by Mr. Rahul Gandhi. The ground level march is showing that the hard work of the public is not going in vanity. This government is cheating on the public for the last nine years and it's time to unveil that cheating and it's time to show the public that how the power has been used upon them in the form of

false consciousness.

The coercive behaviour of the government and the centralization of power are the two aspects that the public are not understanding properly and getting

into the trap. Some blind imitators of BJP are spreading the negativity in the country and creating everyday war between the religions.

The Hath Se Hath Jodo cam-

paign is trying its best to make sense to the public and wake them up from the deep sleep.

# Fear In The Eyes Of The Ruling Party

### PATNA: CONGRESS DARPAN

The dark shadow of terror is clear on the face of BJP as the police via notice has asked the details of the women who met Mr. Rahul Gandhi during the great "Bharat Jodo Yatra" and shared their pain of exploitation and violence, from the Indian national congress.

A Yatra of thousands kilometers in many states with different kind of people, Mr. Gandhi has completed and got to know the real problems of the country. As he travelled, the people from the places started joining and he met with the people from the hierarchy. In the yatra, he found the three key problems of the country and those are— unemployment, price rise and violence

against women.

In the lecture at Cambridge, Mr. Gandhi had discussed about the women who met him

and told him their stories. He also said that when he said the women to go to the police station then they denied in fear. In

the fear of shame, the women who are raped don't go to the police or raise their voice and try to cover their face even in the day light as if they have done the crime.

The surprising matter is that everyday in the country god knows how many women get raped, exploited and suppressed but at the time where does the government get busy and when Mr. Gandhi spoke about the issues the government got concerned.

Being faithful towards the nation and the public, the Congress has said that it will respond to the notice in due course accordance with law.
