BIHAR PRADESH CONGRESS SEVA DAL SADAKAT ASHRAM PATNA-10

RAHUL AAP KE SAATH HAIN

Many people lost their lives due to trampling

PATNA: CONGRESS DARPAN

"I have come today to meet the family members of the people who lost their lives in Hathras stampede. It is a very sad incident. Many people lost their lives due to trampling. I don't want to say anything about this in the context of politics, and it is not appropriate in these difficult times. But there must have been some oversights. That should be a real investigation. And,

the most important thing is that the family members of these dead people must get compensation. I humbly request the Chief Minister of Uttar Pradesh to give compensation to these distressed and distressed people with open mind and loud voice. They are now in dire need of this financial and in-kind help. And delay in this is not at all desirable": Congress MP and Leader of Opposition in Lok Sabha Shri Rahul Gandhi.

Every year 1 crore students register for various examinations conducted by the National Examinations Agency

Prime Minister Narendra Modi, who addressed the Lok Sabha very differently a few days ago, without answering the questions raised by the Leader of the Opposition, Rahul Gandhi, made baseless allegations of corruption in the Congress government. However, the irregularities and corruptions that took place in the NEET entrance exams for medical courses are being laughed at by the media today. No one can forget that Prime Minister Modi's speech after knocking without giving a proper answer to all this. However, even though there have been many complaints of NEET question paper leakage and staff manipulation for the past 6 years, the NEET exam held this year has taken on the same appearance as the Vyapam scam in the state of Madhya Pradesh. Every year 1 crore students register for various examinations conducted by the National Examinations Agency. A maximum of 1.2 crore students have registered in 2023. Through this, the National Examination Agency is functioning as the second examination conducting organization in the world. National Examination Agency conducts 15 examinations. In this year only 24 lakh students have appeared in the NEET UG exam. UGC canceled due to question paper leak 11 lakh students appeared for the NET exam. 1100 cases related to NEET exam from 2018 to 2024 are pending in various state courts. A lot of shocking information has come out due to NEET examination malpractice. Generally, it has been the practice that the selection

boards set up to conduct such competitive examinations are brought under the administration of the government by enactment of a law in the Parliament. That is how the Central Staff Selection Commission, CBSE, and University Grants Commission etc. are functioning. But, NEET, UGC, which was running such formal organizations. The National Examination Agency has been established by the Union BJP as an autonomous organization to conduct national level examinations including NET. Govt set up in 2019. About 1.3 crore students have registered in this agency across the country. Until now, it was thought that the National Examination Agency is a Union Government body that can decide the future of such crores of students. Crores of students study day and night and write the exam, believing that the Union Government is conducting competitive exams like NEET. Many more are preparing themselves for the NEET exam by joining

coaching classes and paying lakhs of fees. But, information about the National Examination Agency has now come out that will shock everyone. According to this, the shocking information that has come out now is that the National Selection Agency is registered as a mere association. The organization was registered in 2018 under the Societies Registration Act brought in 1860. The certificate for this can be viewed on the website of the agency. What is the purpose of registering it as a mere association? Why no law has been brought in Parliament to set up this agency? And it does not appear to be subject to the rules governing the conduct of Government servants. This agency is also funded under the higher education department of the Union Ministry of Education. Thus, the question arises as to who controls the National Selection Agency as it functions only as a private association. Who is responsible for the mistakes and corruption? Pradeep Kumar Joshi, the head of the National

Examinations Agency, should be held responsible for the allegations of malpractice and misconduct by this agency. He was already the head of the Madhya Pradesh State Staff Selection Commission and was involved in various irregularities including the Vyapam scam that killed 40 people. RSS The information that he has been recommended and appointed by the organization has also come out. A person with such a corrupt background is the head of the National Selection Agency. He was killed by RSS and BJP without any investigation. is protecting What is the secret behind the autocratic Modi government which has passed 427 bills and passed the bill in Parliament regarding the National Examination Agency and registered it as a mere association without enacting a law? It is very strange and odd that Pradeep Kumar Joshi, the head of the National Examination Agency, who should be taken into action for the NEET scam which surpasses the Vyapam scam, has also taken the responsibility of investigating the NEET scam. Appointing the person who should be responsible for the corruption as an investigator is the aim of eradicating corruption in the Modi regime. What can be more double role than this? Therefore, I would like to assert that the future of more than 1 crore students will be protected by setting up an impartial investigation into the NEET scam by a special investigation committee under the supervision of Supreme Court judges. Chairman Mr. Selvaperunthagai, M.L.A.

Shri.OM Birla, Speaker didn't allow Manipur MP ALFRED KANNGAM S ARTHUR to speak in the Parliament. LoP Rahul Gandhi was requesting to let him speak even for 2 minutes before Modi's speech, but it was denied. Leader of Parliament asked Manipur MPs to protest in the well.All the North East MPs and INDIA Alliance MPs joined together and Shouted "Manipur, Manipur "in Parliament. Shame on Om Birla Speaker!!Thank you 🙏 Gourav Gogoi ji for your great support for Manipur people.

Martyred soldier Ajay Kumar's family is demanding justice, dictator Modi government is discriminating.Their family has not received any compensation from the government yet. There's a difference between 'solution' and 'insurance', paid only by the insurance company to the families of martyrs.Congress and INDIA coalition will provide justice to the family of martyred soldier Ajay Kumar.

Questions to **Modi government**

Q1: How can private cell-phone companies holding 92% of cellphone user market share be permitted to unilaterally increase cellphone tariffs by an additional Rs. 34,824 crore annually without any oversight or regulation by the Modi govt? Q2: Why have the Modi govt and TRAI abdicated their duty and responsibility towards 109 crore cellphone users? Q3: Wasn't the increase in cellphone prices withheld till the conclusion of the Parliament elections, as the Modi govt would've been questioned on

the justification for burdening 109 crore Indians and fleecing them of an additional Rs. 34,824 crore? Q4: Did the Modi govt or TRAI conduct any study on the need of capex or import on profitability by purchasing spectrum through auction after taking into account the previous set of concessions granted on AGR (as under the Telecom policy), or the spectrum auction installments deferment by Modi 2.0 on 20th November, 2019, or any other related factors? : Shri Randeep Singh Surjewala

Opposition leader Shri Rahul Gandhi explained the true meaning of Hindu religion in Parliament

The incident of Tamil Nadu Bahujan Samaj Party leader Mr. Armstrong being hacked to death...

Because of which BJP has become upset. BJP people thought their shops would be closed. BJP people opposed the message given by Rahul Gandhi about Lord Shiva. Devotees of Lord Shiva will never forgive them. When BJP people sabotage our office, but no one listens to our complaint. Our activists have not broken any law.

He stood like a wall to save his office. So, we have requested Rahul Gandhi to surely come to meet the Babbar share activists of Gujarat fighting against injustice. We are neither afraid nor will we be afraid. We will keep fighting against injustice.: President of Gujarat Congress Shaktisinh Gohil | G

The incident of Tamil Nadu Bahujan Samaj Party leader Mr. Armstrong being hacked to death by a violent mob is shocking and saddening. He strove with great service spirit to provide education, start business and fulfill the basic needs of Scheduled Caste people in Tamil Nadu. Through this he gained their respect. It is very painful that such massacres are carried out by violent people in Tamil

Nadu, which is a park of peace. I strongly condemn this. I request the police to investigate the background of this and take immediate action against the culprits. Mr. Armstrong's passing is an irreparable loss. On behalf of the Tamil Nadu Congress, I offer my deepest condolences and sympathies to his bereaved family and his party friends. Chairman K.
