The people of Karnataka have suffered immensely due to BJP's corrupt and incompetent 40% commission sarkar. But now, enough is enough!

Congress has devised a robust plan to empower every section of the state, by creating support structures and opportunities for them. It is our solemn promise, a guarantee to Karnataka to provide every possible opportunity which can help the people of the State secure a better future and a life that they deserve.

## Congress Is The Only Option Of BJP: Dr. Chandrika Prasad Yadav

### PATNA: CONGRESS DARPAN

This is the first time in the history of the democracy that the ruling party is not letting the house run.

In the centre, only Indian national congress party can be the option of BJP. It would be improbity to think about the third front regarding this issue and in addition, this sort of drilling will only help the BJP in flourishing. The above statements have been given by the renowned educationist cum the member of Political Affair Committee of Bihar Pradesh Congress Dr. Chandrika Prasad Yadav in sadakat ashram of Patna.

"Significantly, Akhilesh Yadav and Manta Banerjee along with other parties of India are trying to make the third front. This is the only ego of the leaders who are trying to make the third

front that's why they are talking about the third front," said Dr. Chandrika Prasad Yadav. Mr. Yadav said that the congress is the only option of BJP. And making efforts to create the third front is nothing but the only way of making BJP more powerful. He said that it is the first time in the history of democracy that the running of the house is being disturbed by the ruling party. Because they know that if Mr. Rahul Gandhi will speak then he will flout Adani

for sure. That's why to stop Mr. Gandhi the ruling party is creating scenario in the parliament. He asked that when everything is alright then why the Modi government is showing escapism from the JPC. He said clearly that the congress is the only option of BJP. That's why he said to all parties of India that they should prepare for Loksabha in the leadership of Indian national congress against BJP. So that the present fascist and dictator government can be removed. On this occasion, the editor of Congress Darpan Newspaper Dr. Sanjay Yadav, the executive editor cum Congress leader Shishir Kaundilya, Raj Chhavi Raj, Bablu Sharma, Sharvar Mallik were present.

## Pain Of The Handicapped Candidates

PATNA: CONGRESS DARPAN

There are more than 4000 seats are vacant in the central universities for the handicapped candidates. The specially abled persons do not cry in the name of fate or fortune nowadays and are going step by step in order to fulfill their dreams so that they can earn themselves proudly. But the lack of vacancies is lessening the confidence. The vacant seats are showing the cruel heart of the government. In the colleges where the handicapped students who are longing to get education there is no teacher in the departments. And those who are educated are not getting employed. Where should these specially abled students go and what to do?

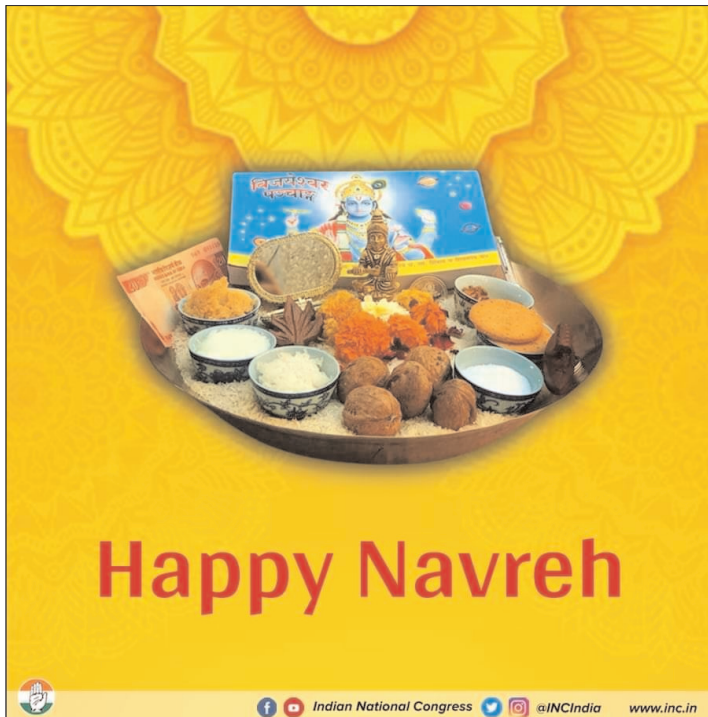

How can even they protest? Here every candidate is having problems.

Where is the government? It should show compassion at

least for this section who really need support and confidence. In the intoxication of power the government is sabotaging the system. The Modi

government that keeps showing off and shouting in the name of social justice is not looking at this section.
