

Paid tributes to my father, former Prime Minister Shri Rajiv Gandhi, at Vir Bhumi, on the occasion of his death anniversary, today.

Chief Minister Siddaramaiah paid flowers to Rajiv Gandhi's portrait and spoke at the KPCC office in the commemoration ceremony of former Prime Minister, late Rajeev Gandhi.

PATNA:CONGRESS DARPAN

Ending hate politics is the real respect we give to Rajiv Gandhi.

As long as there is BJP, there will be no peace and harmony in the society. Poor, Dalits, backward people are living in anxiety in many parts of the country. Only if peace prevails in the world and country, mankind will prosper. Need to build a garden of peace for all people in the state. Former Prime Minister Indira Gandhi and Rajiv Gandhi and others tried to install this. Terrorism has killed a great leader like Rajiv Gandhi. Rajiv Gandhi is an active leader. Let us all try to walk in the path they put.

Congress support terrorism have lost their lives in terrorism. Congressmen fought to eliminate terrorism in the country. The country is in danger from terrorism. Congress has been fighting since the beginning to eradicate terrorism that destroys the peace and peace of the people. Rajiv Gandhi and Indira Gandhi

have become victims of terrorism. Congress is at the forefront in upholding the unity and sovereignty of the country. Congress party has fought to bring freedom to the country and allowed Indians to form their own government. Congress knows the value of freedom. Rajiv Gandhi has made his own contribution to strengthen democracy. Nehru is the one who laid the foundation of democracy. The foundation laid by Jawaharlal Nehru for the success of

democracy in a big country like India. Opposition parties supported that they should work honestly. Nehru cannot be compared with current Prime Ministers. Rajiv Gandhi wanted people's participation in democracy. Rahul Gandhi is working to keep it going.

Congress party has provided reservation for women in local organizations, Dalits and backward people. The decen-

tralization of democracy was implemented by Rajiv Gandhi. There is a bill that gives 33% reservation to women in Parliament. If we raise to 50 percent, we won't be able to do it. Equal share in real sense and equal life should be available. Congress party is responsible for the survival of secular system in the country. Rajiv Gandhi's contribution to science and technology is huge.

[21/05, 4:29 pm] Prabhat Printing Enterprises, Jehanabad: The victory of the election is not of Congress, it is the victory of seven crore Kannadigas, people want a safe government. The challenge in front of us is to govern according to the expectations of the people. In the next session, we will confirm our five guarantees and issue the order and will be implemented from then onwards. Approve immediately after information collection is over, order will be issued. Many ideas stated in our manifesto will be implemented. We will keep our promises without fail and keep our promises.

"India is an old country but a young nation..."

PATNA:CONGRESS DARPAN

I dream of India — strong, independent, self—reliant

and in the front rank of the nations of the world, in the service of mankind."

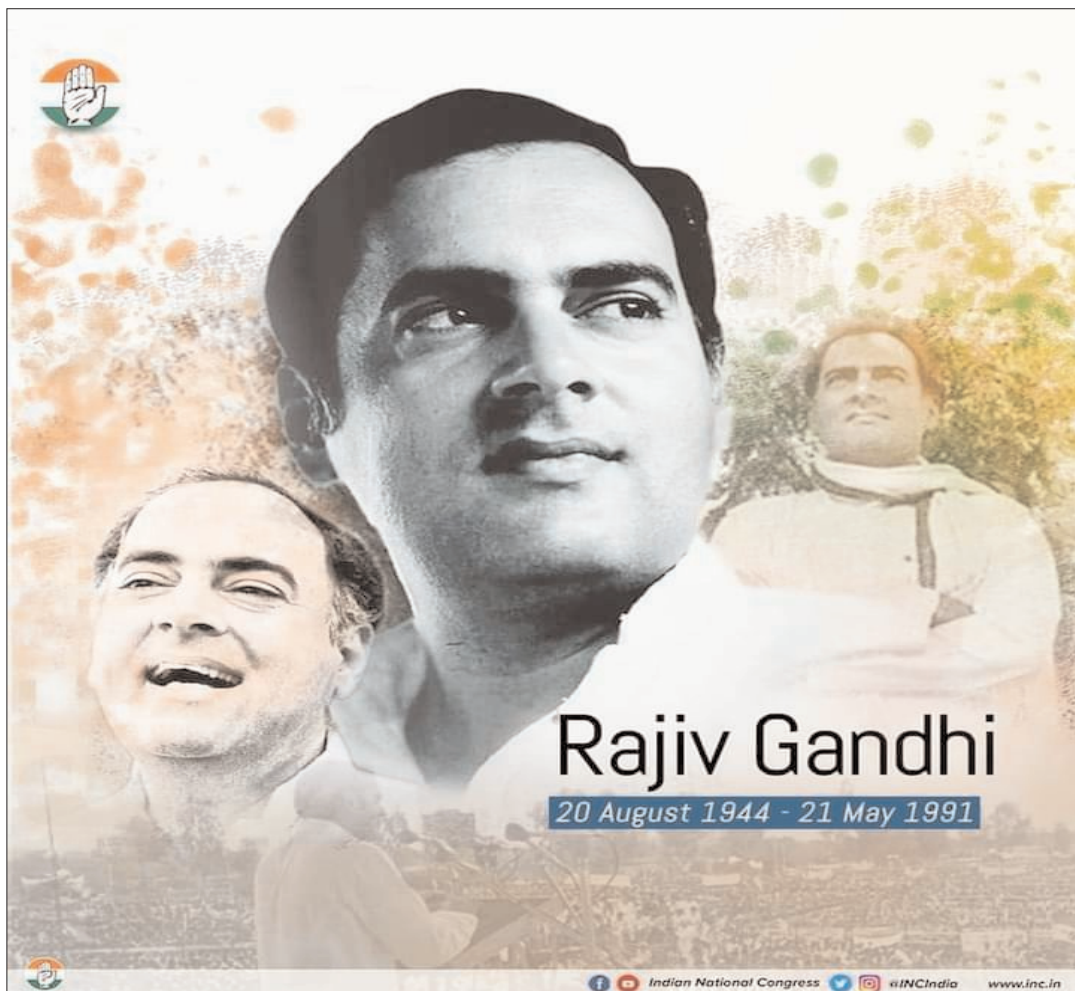

Shri Rajiv Gandhi's words continue to resonate with all of us. The 21st—century India owes many of her accomplishments to this far—sighted leader, who not only propelled the nation towards progress and modernization but also strengthened the roots of our democratic and secular ethos.

On his death anniversary, we remember Rajiv ji, who devoted his life to defending the true character of India — united and tolerant — and ultimately gave his life for this dream.

Rajiv Ji had laid the roadmap for an India in which the power of villages and the use of new technologies found expression. His vision transformed our villages through the National Agricultural Policy, strengthening agricultural research, rural development, poverty alleviation, and land reforms.

During his tenure as Prime Minister, institutes like IGNOU and Jawahar Navodaya Vidyalayas were established. The New Education Policy, which aimed to give a new thrust and direction to education in India, contributed immensely to developing the education sector of the country.

Rajiv Gandhi ji was a fervent supporter of women's empowerment, actively pushing for their inclusion in local government, advocating for reservation for women, and encouraging the creation of women's self—help organisations.

Education must be a great equaliser in our society. It must be the tool to level the differences that our various social systems have created over the past thousands of years.

The creator of modern India. Today is Rajiv Gandhi's death anniversary... India achieved a lot in their short term administration..

The communication revolution they implemented brought a major change in the distance contact sector... The result is today that #Silicon_City is famous in India equivalent to

Silicon Valley of America.

Rajiv Gandhi had also served as the National President of the Indian National Congress Party...

After his murder, there were changes in the technology and telecom sector for radical changes in India.

Moreover, a good relation with other countries is a big achievement for India...

Supari given to someone else because of someone else's cunningness, is also for someone else... It is not an unaware thing that the cunningness of internal opponents

is the reason for Rajeev's murder....

Let it be, even today the death of a brave leader will cry like that ..

Although he is not physically on this earth, he lives in the hearts of unbroken Indians.

Panchayat Raj wrote the forefront of empowerment of the country through digital revolution and acted as a very successful Prime Minister. Rajeev Gandhi I offer my respectful tributes on his death anniversary

Hon'ble Chief Minister **Shri Siddaramaiah** has announced on the very first day of assuming office that the '**Five Guarantee**' scheme promised will be implemented very soon. In doing so, he has confirmed that his government is a pro-people government that will honour all its commitments. The government is proud to implement the guarantee scheme for the welfare of the people of the State.

WHEN RAJIV GANDHI WAS THE PRIME MINISTER, HE SOMEHOW FOUND OUT I HAD A KIDNEY PROBLEM AND NEED TREATMENT ABROAD. ONE DAY HE CALLED ME TO HIS OFFICE AND SAID HE WAS GOING TO INCLUDE ME IN INDIA'S DELEGATION TO THE UN AND HOPED I WOULD USE THE OPPORTUNITY TO GET THE TREATMENT I NEEDED. I WENT TO NEW YORK AND THAT IS ONE REASON I AM ALIVE TODAY
