

BEST COOK AMONG INDIAN POLITICIANS? RAHUL GANDHI SAYS...

PATNA: CONGRESS DARPAN

Rahul Gandhi, in a recent interview with a food journalist, revealed details about his culinary habits as well as the best chef among politicians in India. According to Gandhi, former Bihar chief minister Lalu Prasad Yadav makes the finest food, while in his family, his mother Sonia Gandhi is number 1 in cooking. The Congress leader took to Instagram to share a snippet from the full interaction with Kunal Vijayakar.

In the interview with the YouTube channel 'Khaane Mein Kya Hai', he reiterated that even though his sister Priyanka Gandhi Vadra, whom he ranked second in cooking skills, may not like it, "among all of them, his mother makes the best food".

The former Wayanad MP placed himself in a distant third position in terms of culinary skills in the Gandhi household.

Sharing more details about his food preferences, Gandhi said that he was a morning coffee and evening tea person. Having

a sweet tooth, he would choose Indian mithai over French desserts.

The interview was recorded during a food walk in Old Delhi where he enjoyed popular dishes from Matia Mahal market and the Bengali market. He also tried out the renowned ksherbeti vendor and kholgappas at Nathu

sweets in these areas.

After his disqualification as an MP following the conviction in the Modi defamation case by a Surat court, Gandhi vacated his official bungalow in Lutyens' Delhi and shifted to his mother Sonia Gandhi's residence on Saturday. Gandhi had occupied the 12 Tughlaq

Lane bungalow for almost two decades from 2005.

His return to the national capital was marked after two days of campaigning in poll-bound Karnataka, where he shared photos of enjoying ice cream at a Nandini milk shop amid the row over Amul's entry in the state.

It requires exemplary grit, courage and dedication to participate in the Golden Globe Race — a global tournament to circumnavigate the world in a small boat, with no modern tech, equipment or support. It comes as no surprise that a braveheart from the Indian Navy is participating in its 2022 edition! Cdr Abhilash Tomy is cruising through this race across the world since Sept 2022, despite having to overcome many obstacles. Wishing him all the best in his endeavour. Looking forward to his victorious return. May fair winds blow and seas follow! - **Rahul Gandhi**

IT ALSO REFLECTS THE CORRUPT AND DICTATORIAL MINDSET OF THE BJP

Amit Shah must apologise! He has not only insulted Karnataka's identity but also the democratic values of India.

It is shocking to know that the Home Minister of India had the audacity to say that this election is not to choose MLAs but to hand over the future of Karnataka to the hands of Modi!

It also reflects the corrupt and dictatorial mindset of the BJP.

This is not the first case. The BJP high command has repeat-

edly hurt the sentiments of 6.5 crore Kannadigas. Earlier, JP Nadda had also made a similar undemocratic remark saying Kannadigas will be devoid of Modils blessings if BJP doesn't come to power.

Already conceding its defeat, the 40% commission sarkara has resorted to threatening the voters.

Come what may, the people of India will never allow anyone to pose a threat to the federal structure of our great nation.

WHY DID THE BJP GOVT. BETRAY KANNADIGAS?

Kannadigas need answers from the Modi—Bommaigovt. by the Central Government?

- Why are you refusing to increase the 50% ceiling of reservation to meet the aspirations of SC, ST, OBC, Lingayats, Vokkaligas & others?
 - Why are you unjustifiably targeting minority reservation for polarization?
 - Why has the Bommai government got its own Government Order on Reservation stayed by making a statement in the Supreme Court?
 - Why did the Bommai—Modi government fail to file an affidavit in the Supreme Court in the Reservation case?
 - Why did the Modi government reject an increased reservation for SC—ST on the floor of Parliament on 14th March 2023?
 - Why was the law on increased reservation for SC—ST not put in the IXth Schedule of the Constitution
- The BJP government has shattered the trust of the people of Karnataka.
- It is imperative that this corrupt and deceitful government is removed from power in Karnataka.

The Karnataka Contractors' Association wrote a letter to PM Modi about the corrupt '40% commission' BJP government in the state. Although PM Modi talks extensively about being someone who is against corruption, members of his own party are engaged in corrupt practices, and he is not

taking any action. We need to overthrow this corrupt BJP government.

The Modi-led BJP govt. allowed Karnataka's Vijaya Bank to merge into the Gujarat-based Bank of Baroda. The BJP is consistently targeting the pride of Karnataka.

Congress President Mallikarjun Kharge ji delivered spirited words to a massive crowd in Sullia today.

The people of Karnataka want change and with 150+ seats, the Congress party is resolved to bring it to them.

The Congress party built a port, airport, refinery and fertilizer company in Mangalore. For those who ask what the Congress party has done in 70 years, this is what we have done!

Speaking to party workers in

Dakshina Kannada district of Karnataka, Congress President Shri Mallikarjun Kharge condemned Rahul Gandhi ji's disqualification from Parliament and the BJP's desperate bid to stop him from questioning the Modi-Adani friendship.

EMPOWERING WOMEN, ONE CONVERSATION AT A TIME.

Priyanka Gandhi Vadra ji received a warm welcome upon her arrival in Hanur, Karnataka to address a Women Samvaad and engage with the inspiring women of Karnataka. The amount of love showered upon her by the people she met and

spoke to is a clear indication of the support Congress has from the Kannadigas. Leading with compassion and confidence, Priyanka Gandhi Vadra ji addressed a Mahila Samvaad in Hanur, Karnataka and reaffirmed Congress's commitment to fighting for the rights of women of Karnataka. Echoes of the Iron Lady's lega-

cy resonate as Priyanka Gandhi Vadra Ji met Thiruaamma Ji, a tribal lady from Hanur. Thiruaamma told Priyanka ji how she saw in her the same qualities and spirit that defined Indira Gandhi. The meeting was a powerful reminder of the impact that Indira Gandhi had on people's lives and how her vision and values remain relevant today.
